

PRECISE Application Performance Platform Premium Support Packages

From the moment you become a Precise Application Performance Platform customer, we work hard to keep your business. That's why we go beyond the typical technical support offerings and give you four flexible support services options to meet your unique needs. These packages support small companies, global organizations with operations around the world, and even IT shops with limited resources that could use a few extra hands to ensure their Precise Platform environment is running optimally. Choose from any of the four packages below to suit your needs.

BASIC SUPPORT PACKAGE

- Product upgrades with new feature enhancements
- Phone and email support during local business hours
- Case reporting and management via web-based Customer Portal
- Access to comprehensive knowledge center
- Access to the Precise Platform Community website
